

Student2Student Tutoring

Student2Student is a free online tutoring service created by MVHS students for MVHS students that seeks to help peers and support teachers. Even more so, it is a collaborative modality that helps us stay connected, engaged, and feel supported by our MVHS community.

Need a homework hotline? Need help on that tricky math problem, someone to proofread your essay, or anything in between?

See the list of classes available for tutoring below.

Tutoring is available on Tuesdays and Thursdays from 3:30 - 5:30pm.

Special appointment times available.
